P&P Guide VS. Other Requirements

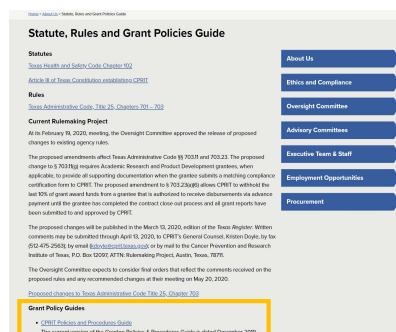

- If a conflict exists between a policy described in the P&P Guide and a state regulation, administrative rule, or contract provision, then the provisions of the applicable state regulation, administrative rule, or contract provision prevail.
- CPRIT relies on the Uniform Grant Management Standards (UGMS) when none of the above-mentioned sources provide answers.

11

Where to find the latest P&P Guide

1. Go to <https://cprit.texas.gov/>
2. Click on “About Us” in the top header
3. Click on the “Statute, Rules, and Grant Policies Guide” tab on the right-hand side of the page
4. Scroll down to Grant Policy Guides section and click on “CPRIT Policies and Procedures Guide”

12

Locating P&P Guide Updates

- Refer to the Version Control section at the beginning of the document.
- The Version Control section outlines which sections within the P&P Guide received updates from the previous edition.

13

How to Use the P&P Guide

- Each chapter is broken up into sections with descriptive headings. For the most part, the P&P Guide is organized in a chronological order to follow the life of a grant from application to close out.
- To find specific terms within the P&P Guide:
 - Use "Ctrl + F" on a PC
 - Use "Command + F" on a Mac

Administrative Rules

16

Rulemaking Process & Importance

- Since CPRIT is a state agency, it must follow the specific requirements of the Administrative Procedure Act (Tex. Gov't Code Chapter 2001) when the agency proposes either new rules or changes to existing rules.
- Many grantee requirements are found in CPRIT's administrative rules, which is why it's important for grantees to be familiar with the rulemaking process.

Current Rulemaking Project
At its November 28, 2018, meeting, the Oversight Committee approved the release of proposed changes to existing agency rules.
The proposed amendments affect Texas Administrative Code §§ 703.3, 703.13, 703.21, and 703.22. The proposed changes are as follows: in § 703.3 to establish a process for a grant applicant to request a refund of an application fee under certain circumstances, in § 703.13 to change the due date of a grantee audit to 9 months after a grantee's fiscal year end, in § 703.21 to clarify the initial reporting period for quarterly progress report of a prevention grant with a contract effective date in the last quarter of a state fiscal year, and in § 703.22 to change the due date of annual grantee compliance training to December 31.
The proposed changes will be published in the January 4, 2019, edition of the Texas Register. Written comments may be submitted through February 4, 2019, to CPRIT's General Counsel, Kristen Doyle, by fax (512-475-2563), by email (kdoyle@cprit.texas.gov), or by mail to the Cancer Prevention and Research Institute of Texas, P.O. Box 12097 ATTN: Rulemaking Project, Austin, Texas, 78711.
The Oversight Committee expects to consider final orders that reflect the comments received on the proposed rules and any recommended changes at their meeting on February 21, 2019.

Financial Status Reports (FSR)

28

28

FSRs - Findings & Errors

- No Justification for expenses paid in prior period that are included on current FSR
- When amounts on an invoice do not match the amount shown on the ledger, remember to indicate clearly on the invoice the amount(s) requested and which item(s) it is for.
- Reminder that we need to know which items we are reimbursing when there are multiple items on the same invoice and the grantee is only requesting part of the total invoice amount

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

29

29

FSRs - Findings & Errors

- Unreadable receipts (especially travel)
- Mis-categorization of expenses - especially "Contractual" versus "Other"
- Unallowable expenses: Fees for professional memberships
- If a report or FSR is disapproved, please act on the request and resubmit as soon as possible so that the report or FSR can be approved in a timely manner - new form doesn't populate until the current one is approved, etc.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

30

30

FSRs - Findings & Errors

- Submitting ledgers with a lump sum on an item...finding, after reviewing the backup that the amount is the sum of five different invoices
- Foreign currency exchange rate sheets per the day of purchase (or inclusion of credit card statements showing rate of exchange)
- Re-emphasize the importance of timeliness, especially with FSRs around the deferral process
- Frequently documentation is not readable because of how it is scanned

FSRs - Allowable Costs

Costs should be:

Reasonable - Section 9.4.1

Allocable - Section 9.4.2

Adequately documented - Section 9.4.6

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

45

45

FSRs - Travel / Findings & Errors

- Level of Effort: Maintaining level of effort for PI/Co-PI as approved by SRC/OC to ensure adequate leadership of research projects. Strong justifications for decrease will be reviewed along with CPRIT request to reduce the overall budget in ratio to % reduction

- PLOE needs to be accurate for each employee on the grant
- PLOEs need to be updated when FSR is submitted, not after-the-fact
- PLOE for either 0% effort or missing names from payroll and/or travel.

CANCER PREVENTION & RESEARCH

No Cost Extensions (NCE)

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

70

70

NCE

- No Cost Extensions- Decisions regarding NCE are based on several factors including the documentation of progress and documentation that the work proposed for the NCE is consistent with the initial award.
- CPRIT will not approve a NCE without a PI level of effort appropriate to scope of work being conducted
- If you receive a no-cost extension, you must complete a PLOE for the extension time period.
- For NCE's, the final report date changes but an additional annual report is required as well as quarterly reports until the end of the contract

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

71

71

NCE

➤ No Cost Extensions

- Include time, process and justification requirements
- PI needs to have measurable level of effort during an approved NCE
- In order to receive a no cost extension, a grantee must be in good fiscal and programmatic standing
- No automatic approval of a grantee's first no cost extension request

- Must be submitted at least **30 days prior** to contract termination but not more than 180 days prior

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

72

72

NCE

For No Cost Extensions (NCEs) the **PLOE comes in as a zero by default** – make sure PLOEs are current and accurate for NCEs

Advance Funds Disbursements

Consistent with CPRIT's administrative rule §703.23(a), which requires grantees to minimize the time between the transfer of advanced funds and payment by the grantee:

- CPRIT will advance up to 50% of the project year budget at one time.
- The grantee must be in good fiscal and programmatic standing and have **expended 90%** of the advanced funds before requesting the next advance.
- A grantee may request an advance greater than 50% of the project year budget, but the grantee must fully explain the exceptional circumstances justifying the request. It is in CPRIT's sole discretion to approve the request; in no event will CPRIT advance more than the amount budgeted for the project year.
